All 8 Shifts · 01-18 September 2026 · Official Answer Key

About this Booklet

This booklet reproduces the BSF ASI (Stenographer) and Head Constable (Ministerial) 2026 written examination exactly as it appeared to candidates, reconstructed from the official response sheets published by the Border Security Force. Every question carries its official answer, highlighted in green. Six sections - General Intelligence, Numerical Aptitude, Basic Computer Knowledge, Clerical Aptitude, English Language and Hindi Language - 20 questions each, 120 in all. There is no negative marking in this examination. This compilation gathers all 960 questions from every one of the 8 shifts, shift by shift.

✓ Correct option (highlighted green)

Q96 01/09/2026 1:00 PM - 4:00 PM | English language

Comprehension: Read the given passage and answer the questions that follow. A microwave oven cooks food using microwave radiation generated by a magnetron. This "crossed-field" device employs perpendicular electric and magnetic fields. An electric field applied to a heated central cathode releases electrons through thermionic emission. The magnetic field curves their paths, causing them to pass the resonant cavities in a cylindrical anode. This interaction produces electromagnetic waves at microwave frequencies, which are directed into the cooking chamber. Inside the oven, microwaves penetrate several centimeters into the food, exciting water molecules and causing them to vibrate. This molecular motion produces heat, rapidly cooking the food from within. Water-rich foods heat especially efficiently because water molecules strongly absorb microwave energy. Microwave cooking is highly energy-efficient: the radiation is directly converted into heat inside the food, reducing energy loss. In contrast, conventional ovens first heat the air, which then transfers heat to the food, leading to slower cooking. This direct heating method enables faster and more uniform results, making the microwave oven a staple for quick and efficient meal preparation. Its design ensures both speed and reduced energy consumption compared to traditional cooking technologies. SubQuestion No : 16 Q.16 Which of the following would be the most suitable title for the passage?

- A. The History of Kitchen Appliances
- B. The Science of Electromagnetic Radiation
- C. Comparing Different Cooking Methods
- D. How Microwave Ovens Work ☒

Comprehension: प्रस्तुत गद्यांश पर आधारित प्रश्नों के उत्तर दीजिए - सुंदर और कुरूप - काव्य में बस ये ही दो पक्ष हैं। भला- बुरा, शुभ- अशुभ, पाप - पुण्य, मंगल- अमंगल, अनुपयोगी- उपयोगी — ये सब शब्द काव्य क्षेत्र के बाहर के हैं। ये नीति, धर्म, व्यवहार, अर्थशास्त्र आदि के शब्द हैं। शुद्ध काव्यक्षेत्र में ना कोई बात भली कही जाती है और ना ही बुरी, ना शुभ ना अशुभ, ना उपयोगी ना अनुपयोगी। सब बातें केवल दो रूपों में दिखायी जाती हैं- सुंदर और असुंदर। जिसे धार्मिक शुभ या मंगल कहता है, कवि उसके सौंदर्य पक्ष पर आप ही मुग्ध रहता है और दूसरे को भी मुग्ध करता है। जिसे धर्मज्ञ अपनी दृष्टि के अनुसार शुभ या मंगल समझता है, उसी को कवि अपनी दृष्टि के अनुसार सुंदर कहता है। दृष्टिभेद अवश्य है। धार्मिक की दृष्टि जीव के कल्याण, परलोक में सुख, भवबंधन से मोक्ष आदि की ओर रहती है। पर कवि की दृष्टि इन सब बातों की ओर नहीं रहती है। वह उधर देखता है जिधर सौंदर्य दिखाई पड़ता है। इतनी सी बात ध्यान में रखने से ऐसे- ऐसे झमेलों में पड़ने की आवश्यकता बहुत कुछ दूर हो जाती है कि " कला में सत- असत, धर्माधर्म का विचार होना चाहिए या नहीं" कवि को उपदेशक बनना चाहिए या नहीं"। SubQuestion No : 16 Q.16 प्रस्तुत गद्यांश का उचित शीर्षक चुनिए -

Q117 01/09/2026 1:00 PM - 4:00 PM | Hindi language हिन्दी

Comprehension: प्रस्तुत गद्यांश पर आधारित प्रश्नों के उत्तर दीजिए - सुंदर और कुरूप - काव्य में बस ये ही दो पक्ष हैं। भला- बुरा, शुभ- अशुभ, पाप - पुण्य, मंगल- अमंगल, अनुपयोगी- उपयोगी — ये सब शब्द काव्य क्षेत्र के बाहर के हैं। ये नीति, धर्म, व्यवहार, अर्थशास्त्र आदि के शब्द हैं। शुद्ध काव्यक्षेत्र में ना कोई बात भली कही जाती है और ना ही बुरी, ना शुभ ना अशुभ, ना उपयोगी ना अनुपयोगी। सब बातें केवल दो रूपों में दिखायी जाती हैं- सुंदर और असुंदर। जिसे धार्मिक शुभ या मंगल कहता है, कवि उसके सौंदर्य पक्ष पर आप ही मुग्ध रहता है और दूसरे को भी मुग्ध करता है। जिसे धर्मज्ञ अपनी दृष्टि के अनुसार शुभ या मंगल समझता है, उसी को कवि अपनी दृष्टि के अनुसार सुंदर कहता है। दृष्टिभेद अवश्य है। धार्मिक की दृष्टि जीव के कल्याण, परलोक में सुख, भवबंधन से मोक्ष आदि की ओर रहती है। पर कवि की दृष्टि इन सब बातों की ओर नहीं रहती है। वह उधर देखता है जिधर सौंदर्य दिखाई पड़ता है। इतनी सी बात ध्यान में रखने से ऐसे- ऐसे झमेलों में पड़ने की आवश्यकता बहुत कुछ दूर हो जाती है कि " कला में सत- असत, धर्माधर्म का विचार होना चाहिए या नहीं" कवि को उपदेशक बनना चाहिए या नहीं"। SubQuestion No : 17 Q.17 मोक्ष का विलोम शब्द बताइए -

- A. मुक्ति

Q216 02/09/2026 9:00 AM - 11:00 AM | English language

Comprehension: Read the extract carefully and answer the questions that follow. Exiting the station, I woke up the driver of a horse-drawn carriage. In those days Sawai Madhopur (SM) boasted few motorised vehicles. The town wasn't prosperous. Numerous taxi-jeps and buses taking tourists into the park were still figments of shiny future ambition. Garish hotel chains were yet to sprout, mushrooming along newly surfaced roads to the park. This was a town, sprawled untidily around the railway track, the only reason for its existence. Since then, local painters have decorated the station walls. Now murals of our tigers and other wildlife engage curious passers-by, increasing awareness like a kind of open-air art museum. Back in 1976, we trotted off to the only guesthouse nearby. A reluctant proprietor prised open a musty room. I spent a sleepless night. Next morning, I introduced myself to Fateh, the wildlife warden for the park. He looked over his luxuriant moustache disbelievingly at me and my camera. No one came here, he told me, to 'visit'. Jolting along dirt tracks, we drove out towards the reserve. Slowly the wilderness took over. I scanned the forest for wildlife, unaware my tracking skills would take years to develop. SubQuestion No : 16 Q.16 What central theme is explored in the passage?

- A. The dangers of travelling through forests even broad daylight.
- B. The delayed development of tourism and urban expansion.
- C. Change from ordinary life to a deep connection with nature. ✓
- D. The challenges of working as a wildlife photographer.

Q336 02/09/2026 1:00 PM - 4:00 PM | English language

Comprehension: Read the extract carefully and answer the questions that follow. For some cultures the wolf is an animal of great wisdom, revered as a spiritual guide; this is often distorted by modern wolf enthusiasts to make wolves seem otherworldly and unreal. Their view holds the wolf in great esteem, but often does so at the expense of recognition of its place in our ecosystem. Biologists, ecologists and zoologists, study how humans affect wolves and vice versa, which is very important for the conservation of this species. But scientists can't get too close to the wild animals without dramatically influencing and altering natural pack behaviour. Much research is therefore conducted remotely with the use of technology such as camera traps, 'howl boxes' and tracking devices such as radio collars. The body of knowledge produced by scientists continues to expand and enrich our understanding of wolves. But studying wild wolves remotely or from a great distance has limitations in what can be observed, making it very difficult to develop an understanding of the nuances of the wolf's character, individuality, devotion to its family, and capacity for communicating emotion and needs. SubQuestion No : 16 Q.16 What central theme is explored in the passage?

- A. The importance of keeping wolves as pets.
- B. The dangers of wolves living close to humans.
- C. Why wolves should never be studied scientifically.
- D. How science tries to remove misconceptions about wolves.

Much research is therefore conducted remotely with the use of technology such as camera traps, 'howl boxes' and tracking devices such as radio collars. The body of knowledge produced by scientists continues to expand and enrich our understanding of wolves. But studying wild wolves remotely or from a great distance has limitations in what can be observed, making it very difficult to develop an understanding of the nuances of the wolf's character, individuality, devotion to its family, and capacity for communicating emotion and needs. SubQuestion No : 20 Q.20 What can be inferred about studying wolves remotely?

- A. It helps scientists avoid interfering with natural behaviour but limits deep understanding. ☒
- B. It is no longer used because technology is unreliable as it undergoes changes.
- C. It gives scientists detailed knowledge of every aspect of wolf behaviour and existence.
- D. It prevents wolves from being seen or recorded in their natural environment or habitat.

Comprehension: Read the extract carefully and answer the questions that follow. eSports is the short name for electronic sports, where players play video games against each other with fans watching them. This article discusses whether eSports should be included in the Olympic Games. eSports currently enjoys enormous attention and funding. Last year, the global audience for eSports grew by millions with global revenue for the eSports industry huge and still rising. In many countries, audiences pack stadiums and concert venues to watch teams compete against each other in a range of video game tournaments. People from around the world also watch from the comfort of their homes, thanks to entire channels dedicated to streaming live footage of people playing video games. Fans argue that eSports athletes are athletes in the real sense of the term – citing shooting, archery and dressage as examples of Olympic sports where the skills and talents of individuals are recognised. It takes dexterity, intelligence, reflexes and coolness under pressure to succeed in gaming. eSports athletes are legitimate competitors who happen to wield a joystick. How's that so different from a pole vault? SubQuestion No : 16 Q.16 What can be inferred about the growth of eSports?

Q476 02/09/2026 5:00 PM - 6:40 PM | Hindi language हिन्दी

Comprehension: दिए गए गद्यांश को पढ़कर पूछे गए प्रश्नों के उत्तर दीजिए : संसार में असंख्य साधक ध्यान के माध्यम से परमात्मा को खोजते हैं। साधना आवश्यक है, पर यदि खोज केवल बाहरी रूपों तक सीमित रहे तो लक्ष्य तक पहुंचना कठिन हो जाता है। परम सत्य कहीं दूर नहीं, वह हमारे अंतःकरण में प्रतिष्ठित है। जबकि मनुष्य भौतिक भोगों में ही सुख खोजता है। निश्चय ही उनमें क्षणिक आनंद का आभास मिलता है, पर स्थायी सुख वहां संभव नहीं। वास्तविक सुख का उद्गम संयम, संतुलन और त्याग में है। संयम जीवन को अनुशासित करता है और मन को शांति प्रदान करता है। विडंबना यही है कि मनुष्य इस सत्य को जानते हुए भी उसे व्यवहार में नहीं उतारता। वह संयम की प्रशंसा तो करता है, पर जीवन में असंयम को ही स्थान देता है। परिणामस्वरूप वह असंतोष और दुख के चक्र में उलझा रहता है। आज दुनिया में बाहरी उपलब्धियों की चमक बढ़ी है, परंतु भीतर की शांति घटती जा रही है। सुख की तलाश जितनी तेज हुई है, उतनी ही बेचैनी भी बढ़ी है। यह स्थिति हमें उसी पड़ाव की ओर ले जाती है कि वास्तविक सुख बाहर नहीं, बल्कि हमारे अपने भीतर है। उसे पाने का मार्ग आत्मचिंतन, संयम और संतुलित जीवन से होकर गुजरता है। यही जीवन की सच्ची ऊर्जा है। SubQuestion No : 16 Q.16 दिए गए गद्यांश के लिए उपयुक्त शीर्षक वाला विकल्प चुनें -

Q576 03/09/2026 9:00 AM - 11:00 AM | English language

Comprehension: Read the following passage and answer the questions given below. Deep within the eastern coast of India lies Haridarpur, a coastal town once known for its vibrant fishing community and lively beachfront markets. For generations, families depended on the sea, venturing out at dawn and returning with baskets filled with fresh catch. However, in the past few decades, rising sea levels and increased coastal erosion began threatening the shoreline. Many homes were damaged, fishing routes changed unpredictably, and the marketplace gradually lost its earlier charm. A significant shift occurred when a marine biologist named Dr. Kavita Sen arrived to study the declining fish population. Instead of limiting her work to research, she collaborated with local fishermen to introduce sustainable fishing techniques and conservation practices. She encouraged them to avoid overfishing, protect breeding zones, and use eco-friendly nets that reduced damage to marine life. Local youth groups soon joined the initiative, conducting regular beach clean-ups and awareness drives. Over time, Haridarpur witnessed steady recovery. Fish populations began to stabilize, tourists returned to enjoy the cleaner beaches, and the community regained confidence in its future. Today, Haridarpur stands as a powerful reminder that environmental responsibility and collective effort can restore even the most fragile ecosystems. SubQuestion No : 16 Q.16 Who helped introduce sustainable fishing practices?

- A. A group of travelling merchants
- B. A foreign investor promoting seafood exports
- C. A marine biologist named Dr. Kavita Sen
- D. A politician launching a tourism project

Comprehension: दिए गए गद्यांश को पढ़कर पूछे गए प्रश्नों के उत्तर दीजिए :
न्यायालय ने अब अधिकतर अंतिम आदेशों को हिंदी में भी अनुवाद कराने का निर्णय लेकर सुलभ न्याय की दिशा में ऐतिहासिक कदम उठाया है। अभी कुछ विशिष्ट एफएआर (एडमिटेड फार रिपोर्टिंग) श्रेणी के फैसलों का ही हिंदी अनुवाद उपलब्ध होता था, लेकिन अब तीन पृष्ठ या उससे अधिक लंबे नान-एफएआर फैसले भी कोर्ट की आधिकारिक वेबसाइट पर डिजिटल रूप से हिंदी में उपलब्ध होंगे। यह पहल भाषाई बाधाओं को दूर कर वादियों और अधिवक्ताओं को न्यायिक प्रक्रिया को बेहतर ढंग से समझने में सक्षम बनाएगी। बहुभाषी देश में जहां लाखों लोग हिंदी माध्यम से शिक्षा प्राप्त करते हैं और कानूनी भाषा की जटिलता उन्हें न्याय से दूर रखती है, इसका विशेष महत्व है। इससे पारदर्शिता बढ़ेगी और न्यायिक प्रक्रिया में जन-भागीदारी भी मजबूत होगी। यह पहल न्यायालय की प्रगतिशील छवि को और मजबूत करती है। उम्मीद है कि फैसलों के हिंदी अनुवाद से वकीलों, छात्रों और आम जनता की कानूनी जागरूकता में वृद्धि होगी। न्यायपालिका का यह प्रयास सराहनीय है। सच्चा न्याय तभी संभव है जब वह समझ में आए। न्यायपालिका ने गौरवशाली इतिहास में नया अध्याय जोड़ा है, जहां भाषा अब न्याय की दीवार नहीं, बल्कि पुल बनेगी। सरकार और समाज को भी हिंदी में कानूनी शिक्षा और जागरूकता अभियान तेज करने चाहिए ताकि यह पहल अपना पूरा लाभ दे सके। SubQuestion No : 16 Q.16 दिए गए गद्यांश के लिए उपयुक्त शीर्षक के विकल्प का चयन करें -

Q600 03/09/2026 9:00 AM - 11:00 AM | Hindi language हिन्दी

Comprehension: दिए गए गद्यांश को पढ़कर पूछे गए प्रश्नों के उत्तर दीजिए : न्यायालय ने अब अधिकतर अंतिम आदेशों को हिंदी में भी अनुवाद कराने का निर्णय लेकर सुलभ न्याय की दिशा में ऐतिहासिक कदम उठाया है। अभी कुछ विशिष्ट एएफआर (एडमिटेड फार रिपोर्टिंग) श्रेणी के फैसलों का ही हिंदी अनुवाद उपलब्ध होता था, लेकिन अब तीन पृष्ठ या उससे अधिक लंबे नान-एएफआर फैसले भी कोर्ट की आधिकारिक वेबसाइट पर डिजिटल रूप से हिंदी में उपलब्ध होंगे। यह पहल भाषाई बाधाओं को दूर कर वादियों और अधिवक्ताओं को न्यायिक प्रक्रिया को बेहतर ढंग से समझने में सक्षम बनाएगी। बहुभाषी देश में जहां लाखों लोग हिंदी माध्यम से शिक्षा प्राप्त करते हैं और कानूनी भाषा की जटिलता उन्हें न्याय से दूर रखती है, इसका विशेष महत्व है। इससे पारदर्शिता बढ़ेगी और न्यायिक प्रक्रिया में जन-भागीदारी भी मजबूत होगी। यह पहल न्यायालय की प्रगतिशील छवि को और मजबूत करती है। उम्मीद है कि फैसलों के हिंदी अनुवाद से वकीलों, छात्रों और आम जनता की कानूनी जागरूकता में वृद्धि होगी। न्यायपालिका का यह प्रयास सराहनीय है। सच्चा न्याय तभी संभव है जब वह समझ में आए। न्यायपालिका ने गौरवशाली इतिहास में नया अध्याय जोड़ा है, जहां भाषा अब न्याय की दीवार नहीं, बल्कि पुल बनेगी। सरकार और समाज को भी हिंदी में कानूनी शिक्षा और जागरूकता अभियान तेज करने चाहिए ताकि यह पहल अपना पूरा लाभ दे सके। SubQuestion No : 20 Q.20 दिए गए गद्यांश की संरचना किस प्रकार की है?

- A. विचारात्मक
- B. प्रतीकात्मक
- C. संवादात्मक
- D. कथात्मक

Below are given two sets of numbers. In each set of numbers, a certain mathematical operation on first number results in the second number. Similarly, certain mathematical operation on second number results in the third number and so on. Which of the given options follows the same set of operations as in question? (NOTE : Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding / subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed) 1 - 2 - 3 - 4 ; 2 - 4 - 5 - 6

Q696 03/09/2026 1:00 PM - 4:00 PM | English language

Comprehension: Read the given passage and answer the questions that follow. High in the isolated valleys of the Rila Mountains lies the village of Velinora, a settlement known for its enduring traditions and remarkable sense of unity. For centuries, its inhabitants lived in harmony with the rugged landscape, relying on terraced farming, mountain herbs, and seasonal trade with neighbouring regions. Although modern roads have recently connected Velinora to larger towns, many of its ancestral customs continue to thrive. Every winter, villagers prepare for the Festival of Ember Lights, a celebration believed to ward off misfortune and welcome renewed strength for the coming year. Families gather to craft lanterns from polished wood and tinted glass, illuminating the snow-covered paths with warm, flickering glows. The festival also signals a time for community reflection, where elders share stories of past hardships and triumphs to remind younger generations of the resilience that defines them. In recent years, environmental researchers have taken interest in Velinora's sustainable farming terraces and traditional water-channel systems, noting their potential for modern climate-resilient agriculture. Though small in size, the village stands as a testament to how heritage, wisdom, and communal effort can shape a meaningful and enduring way of life. SubQuestion No : 16 Q.16 What is the central theme of the passage?

- A. The endurance of tradition and community resilience in Velinora ✓
- B. The challenges faced by researchers in rural settlements
- C. The economic decline of terraced farming in mountain regions
- D. The rapid modernization of a remote mountain village

Q816 18/09/2026 9:00 AM - 10:40 AM | English language

Comprehension: Read the given passage and answer the questions that follow. The gig economy represents a transformative shift in contemporary labor markets, characterized by short-term, task-based employment mediated largely through digital platforms. Unlike traditional employment structures that emphasize long-term contracts and organizational loyalty, the gig economy prioritizes flexibility, autonomy, and on-demand labor. Platform-based companies such as Uber, Zomato, and Upwork exemplify this model by efficiently matching service providers with consumers through technology. A key strength of the gig economy lies in its ability to enhance labor market efficiency. It lowers entry barriers, enables income diversification, and offers workers greater control over their schedules. For businesses, it reduces operational costs and allows rapid scaling in response to market demand. In developing economies, the gig model has also contributed to employment generation and digital inclusion. Despite these advantages, the gig economy raises serious socio-economic concerns. Gig workers are typically classified as independent contractors, which excludes them from labor protections such as minimum wages, job security, social insurance, and collective bargaining rights. Income volatility, algorithmic management, and power asymmetry between platforms and workers further exacerbate vulnerability. Over time, this may deepen inequality and weaken traditional labor institutions. In essence, while the gig economy reflects innovation and adaptability in the modern economy, its long-term sustainability depends on balanced regulation. Ensuring worker protection without undermining flexibility is crucial for making this evolving labor model equitable and inclusive. SubQuestion No : 16 Q.16 Which assumption most strongly supports the argument that the gig economy improves labor market efficiency?

- A. Governments fully regulate platform-based work
- B. Gig workers prefer unstable income over fixed salaries
- C. Digital platforms can rapidly match labor supply with demand**
- D. Traditional jobs are becoming obsolete

Q936 18/09/2026 1:00 PM - 2:40 PM | English language

Comprehension: Read the given extract and answer the questions that follow: In September 1940, four intrepid boys and their dog set out on an escapade near the town of Montignac in France. The boys had always been intrigued by local folklore about a secret tunnel running under the Vézère River, which would lead to hidden treasure buried deep in the woods. As they walked through the forest, their dog, Robot, ran ahead towards a deep depression in the ground, at the bottom of which was a small opening. When the boys saw this, they were convinced that the hole was related to the legend. They removed stones from around the edges with their penknives, then slid cautiously into a narrow, almost vertical shaft which was home to a multitude of bats. The passage took the youngsters fifteen metres down to a dark, underground chamber littered with stalagmites. 'The descent was terrifying,' recalled Jacques Marsal, who was just fourteen at the time, the youngest of the boys. SubQuestion No : 16 Q.16 What is the main theme of the passage?

- A. Friendship tested by a fierce competition

Q937 18/09/2026 1:00 PM - 2:40 PM | English language

Comprehension: Read the given extract and answer the questions that follow: In September 1940, four intrepid boys and their dog set out on an escapade near the town of Montignac in France. The boys had always been intrigued by local folklore about a secret tunnel running under the Vézère River, which would lead to hidden treasure buried deep in the woods. As they walked through the forest, their dog, Robot, ran ahead towards a deep depression in the ground, at the bottom of which was a small opening. When the boys saw this, they were convinced that the hole was related to the legend. They removed stones from around the edges with their penknives, then slid cautiously into a narrow, almost vertical shaft which was home to a multitude of bats. The passage took the youngsters fifteen metres down to a dark, underground chamber littered with stalagmites. 'The descent was terrifying,' recalled Jacques Marsal, who was just fourteen at the time, the youngest of the boys. SubQuestion No : 17 Q.17 What can be inferred about the four boys?

- A. They were wealthy and famous youths.
- B. They were skilled and trained scientists.
- C. They were careless and rude children.
- D. They were brave and eager explorers. ✓

Comprehension: दिए गए गद्यांश के आधार पर निम्नांकित प्रश्नों के उत्तर दीजिए-- तुलसीदास से पूर्व के रामभक्त कवियों में विष्णुदास का नाम उल्लेख्य है। नागरी प्रचारिणी सभा की विभिन्न खोज-रिपोर्टों में इनके द्वारा रचित पाँच ग्रंथों का उल्लेख मिलता है—महाभारत कथा, रुक्मिणी मंगल, स्वर्गारोहण, स्वर्गारोहण-पर्व और स्नेहलीला। हिन्दी की रामकाव्य परंपरा का विकास यदि स्वामी रामानंद से स्वीकार किया जाए तो कोई अनौचित्य नहीं होगा। रामावत-सम्प्रदाय के प्रवर्तक स्वामी रामानंद ने भक्ति के क्षेत्र में अनेक क्रांतिकारी परिवर्तन किये। सगुण और निर्गुण का समन्वय रामावत-सम्प्रदाय की उदार दृष्टि का ही परिणाम है। आचार्य रामचंद्र शुक्ल ने अपने इतिहास में पंद्रहवीं शती के द्वितीय चरण (1450) से सोलहवीं शती के प्रथम चरण के बीच (1525) रामानंद का समय माना है। श्री वैष्णव सम्प्रदाय के आचार्य राघवानंद से इन्होंने दीक्षा ग्रहण की थी। 'वैष्णव मताब्द भास्कर' और 'श्रीरामार्जुन-पद्धति' इनके सुप्रसिद्ध ग्रंथ हैं। इन्होंने अपने दार्शनिक सिद्धांत रामानुज-सम्प्रदाय के अनुकूल ही रखे हैं, किंतु 'रहस्यत्रय' द्वारा अपने मूलमंत्र, द्वयदमन और चरममंत्र को नवीन रूप दिया है। ध्यान के लिए सीता तथा लक्ष्मण-सहित रामचंद्र जी के ध्यान का आदेश दिया है। सीता जी प्रकृतिस्थानीय, लक्ष्मण जीवस्थानीय और भगवान रामचंद्र ईश्वर-तत्त्व के द्योतक हैं। रामानंदी वैष्णवों की एक शाखा योग-साधना में विश्वास रखने के कारण, अपना वैशिष्ट्य बनाये रखने के लिए, सगुणोपासना से कुछ हटकर 'तपसी शाखा' के नाम से योगपरक सिद्धियों का प्रचार करती है। कील्हदास आदि इसी शाखा के साधक हैं। SubQuestion No : 20 Q.20 स्वामी रामानंद के संदर्भ में असत्य कथन है--

- A. 'वैष्णव मताब्द भास्कर' और 'श्री रामार्जुन-पद्धति' इनके सुप्रसिद्ध ग्रंथ हैं।
- B. इन्होंने श्री वैष्णव सम्प्रदाय के आचार्य राघवानंद से दीक्षा ग्रहण की थी।
- C. आचार्य शुक्ल ने 1400 से 1470 के मध्य इनका समय माना है। ☒
- D. इन्होंने सीता तथा लक्ष्मण सहित रामचंद्रजी के ध्यान का आदेश दिया है।
