Comprehension:

Read the passage carefully and answer the questions that follow.

When we talk about how films convey meaning we tend to refer to acting, music, dialogue, props and narrative developments, but often forgotten is the visual essence of a film itself, which is the cutting together of moving images – “motion pictures” – each one carefully tailored to meet a particular need or purpose. Most films and many important scenes within them open with an establishing shot. Typically this shot precedes our introduction to the main characters by presenting us with the locale in which the scene's action or dialogue is about to occur. Occasionally, however, a director will use an establishing shot with another goal in mind. An opening view of a thousand soldiers parading in synchronized fashion might have little to reveal about the film's geography, for example, but it does inform the audience that ideas about discipline and conformity are likely to arise in the material that follows.

When we talk about how films convey meaning we tend to refer to acting, music, dialogue, props and narrative developments, but often forgotten is the visual essence of a film itself, which is the cutting together of moving images – “motion pictures” – each one carefully tailored to meet a particular need or purpose. Most films and many important scenes within them open with an establishing shot. Typically this shot precedes our introduction to the main characters by presenting us with the locale in which the scene’s action or dialogue is about to occur. Occasionally, however, a director will use an establishing shot with another goal in mind. An opening view of a thousand soldiers parading in synchronized fashion might have little to reveal about the film’s geography, for example, but it does inform the audience that ideas about discipline and conformity are likely to arise in the material that follows.

Comprehension:

प्रस्तुत गद्यांश के आधार पर प्रश्नों के उत्तर दें।

भुवनेश्वर भी चंडीगढ़ की तर्ज पर बना राजधानी शहर है, परंतु भुवनेश्वर अपने रूप-स्वरूप से अपने वजूद का प्रदर्शन नहीं करता था। किसी राज्य की राजधानी में रहने का आभास नहीं होता था। सड़कें टूटी-फूटी, सड़कों के किनारे छोटी-छोटी ग्रामीण चीजों की दुकानें दिखती थीं। सड़कों पर जानवर भी घूमते हुए। स्टेट गेस्ट हाउस में ठहरिए तो मानो किसी किसान परिवार के यहाँ से भोजन बनकर आया हो। साफ-सफाई भी वैसी ही जैसी किसी मध्यमवर्गीय किसान परिवार में ठहरे हों। बिहार, बंगाल और उड़ीसा मिलकर एक राज्य था। 1912 में विभाजन हुआ। बंगाल अलग हुआ। 1935 में उड़ीसा भी बिहार से अलग हुआ। बँटवारे के बाद सँभलने में समय लगता है। कोई दो भाई हों या दो राज्य। सच तो यह है कि राज्यों का बँटवारा बराबर-बराबर नहीं होता। उत्तर प्रदेश से उत्तराखंड, मध्य प्रदेश से छत्तीसगढ़ और बिहार से झारखंड के निकलने पर ऐसा ही लगता है कि तीन बड़े राज्यों के एक-एक भाग अलग कर दिए हों। तीन नए राज्यों को अपनी पहचान बनाने में समय लगा है। यहाँ के बाशिंदों को भी अपने भिन्न अस्तित्व का एहसास जमाने में समय लगता है।
