#### Q48 English

Read the following passages and answer the questions that are given below.

Reading plays a vital role in the overall development of an individual and serves as the foundation for lifelong learning. Reading is a fundamental skill that shapes knowledge, imagination, and critical thinking. Books, newspapers, and articles provide information, improve vocabulary, and enhance communication skills. Reading also stimulates creativity, broadens perspectives, and helps individuals understand cultures and ideas different from their own. Students who read regularly perform better academically and can solve problems more effectively. However, with the rise of digital media, people spend less time reading traditional books. Encouraging reading habits, whether through libraries, online resources, or storytelling, is essential for personal growth and lifelong learning. Reading not only educates but also entertains and inspires, making it an indispensable activity for everyone. Therefore, nurturing a consistent reading habit from an early age can empower individuals to think critically, communicate effectively, and succeed in all aspects of life.

According to the passage, what benefit do students who read regularly experience?

- A. They perform better academically.
- B. They spend less time studying.
- C. They prefer digital media over books.
