Let students study independently without structure 3. Sequence content, set clear objectives, and include interactive activities ✓ 4. Only lectures	Question ID : 4410091209366 Correct Option : 3
Q.19 Which of the following is NOT one of the three domains in which experience is generally classified? Ans 1. Cognitive (thinking) 2. Psychomotor (action and doing) 3. Economic (resources and finance) ✓ 4. Affective (feelings and emotions)	Question ID : 4410091224996 Correct Option : 3
Q.20 Which domain of development involves problem-solving and memory? Ans 1. A. Physical domain 2. Social domain 3. Cognitive domain ✓ 4. Emotional domain	Question ID : 4410091231777 Correct Option : 3
Q.21 Who proposed the theory of moral development with three levels? Ans 1. Lawrence Kohlberg ✓ 2. John Dewey 3. Jean Piaget 4. Lev Vygotsky	Question ID : 4410091233791 Correct Option : 1
Q.22 Which of the following best describes the primary need of adolescents in institutional settings, according to developmental psychology? Ans 1. Avoidance of peer interaction 2. Complete independence from adults 3. Opportunities for identity exploration and skill-building ✓ 4. Focus exclusively on academic performance	Question ID : 4410091209237 Correct Option : 3
Q.23 Which is the best description of an annual plan? Ans 1. Teacher's informal daily diary 2. Collection of teaching notes 3. Detailed map of curricular and co-curricular activities for whole year ✓ 4. Substitute teacher's lesson guide	Question ID : 4410091225004 Correct Option : 3
Q.24 Which of the following best describes intelligence broadly? Ans 1. The ability to memorise facts and reproduce them quickly 2. The ability to dance, sing, or play sports effectively 3. The ability to learn, adapt, understand, and interact with one's environment ✓ 4. The ability to produce unique sounds or perform extraordinary acts	Question ID : 4410091224735 Correct Option : 3

Q.25 Kohlberg's theory is most relevant to which domain? Ans 1. Socio-emotional Development 2. Cognitive Development 3. Physical Development 4. Moral Development ✓	Question ID : 4410091234154 Correct Option : 4
Q.26 Which socialisation agency is most responsible for early emotional development? Ans 1. Family ✓ 2. School 3. Media 4. Religious institutions	Question ID : 4410091235721 Correct Option : 1
Q.27 Students actively participate, ask questions, and enjoy independent projects. Which classroom factor most likely supports this? Ans 1. Frequent testing and public ranking 2. Supportive, inclusive, student-centred atmosphere ✓ 3. Teacher-dominated lectures 4. Strict rules and fixed seating	Question ID : 4410091209331 Correct Option : 2
Q.28 What is a School Development Plan primarily defined as? Ans 1. Road map for change ✓ 2. Teacher performance report 3. Budget allocation sheet 4. Curriculum content guide	Question ID : 4410091213818 Correct Option : 1
Q.29 According to constructivist principles, how should the classroom environment be? Ans 1. Learner-centered ✓ 2. With ventilation and lighting 3. Controlled and rigid 4. Teacher-centered	Question ID : 4410091238571 Correct Option : 1
Q.30 Which of the following best explains the debate of 'nature vs. nurture' in development? Ans 1. Whether all development is controlled by genetics only 2. Whether the environment alone determines development 3. The interaction between genes and environment influences development ✓ 4. The role of nutrition in development	Question ID : 4410091208937 Correct Option : 3
Q.31 A student, though strong in basics, struggles with complex problems, feels frustrated, and shows low self-esteem. Which strategy should the teacher use? Ans 1. Increased group competition 2. Rote memorisation drills 3. Scaffolded problem-solving ✓ 4. More independent projects	Question ID : 4410091210847 Correct Option : 3

Q.32 In inclusive classrooms, which of the following is the role of the teacher best described as? Ans 1. Administrator maintaining discipline 2. Facilitator adapting strategies for diverse learners ✓ 3. Sole authority delivering knowledge 4. Evaluator focusing solely on test performance	Question ID : 4410091244523 Correct Option : 2
Q.33 Why is investment in ECCE crucial? Ans 1. For higher scores in competitive exams 2. Mainly for physical fitness and sports training 3. To enable disadvantaged children to flourish in education ✓ 4. Only for primary school entrance preparation	Question ID : 4410091225081 Correct Option : 3
Q.34 Which teaching practice most strongly reflects inclusivity in a higher education virtual classroom? Ans 1. Using one common lecture format for all learners 2. Expecting students to adapt without any accommodation 3. Designing assessments based only on written submissions 4. Providing multiple modes of content delivery (videos, readings, discussions) ✓	Question ID : 4410091225031 Correct Option : 4
Q.35 Teaching method should match mainly with which of the following? Ans 1. Teacher's choice 2. Course objectives and content ✓ 3. Available time 4. Student's background	Question ID : 4410091216106 Correct Option : 2
Q.36 Which of the following factors can limit growth despite learning opportunities? Ans 1. Proximodistal law 2. Stages 3. Environment 4. Maturation ✓	Question ID : 4410091215906 Correct Option : 4
Q.37 During a typical physical examination, a paediatrician measures a child's height and weight. These measurements are direct indicators of which of the following? Ans 1. Psychosocial adaptation 2. Growth ✓ 3. Maturation 4. Development	Question ID : 4410091208892 Correct Option : 2

Q.38 What is a primary benefit of Information and Communication Technology (ICT) for teachers in instructional planning? Ans 1. Replacing classroom discussions 2. Automating student attendance 3. Reducing teacher salaries 4. Supplementing textbook material ✓	Question ID : 4410091213620 Correct Option : 4
Q.39 In a constructivist classroom, observation, feedback, reflection, and dialogue are primarily used to: Ans 1. building knowledge through thinking and interaction ✓ 2. transmit fixed knowledge from teacher to learner 3. ensure strict discipline and uniform responses 4. replace group work with individual memorisation tasks	Question ID : 4410091211126 Correct Option : 1
Q.40 What is a key psychological need of adolescents, according to Erikson's theory? Ans 1. Autonomy 2. Generativity 3. Trust 4. Identity ✓	Question ID : 4410091235455 Correct Option : 4
Q.41 Programmed instruction is based on the principles of which of the following? Ans 1. Behaviourism ✓ 2. Humanism 3. Cognitivism 4. Constructivism	Question ID : 4410091238495 Correct Option : 1
Q.42 What is a core benefit of establishing Professional Learning Communities (PLCs) among school heads and teachers? Ans 1. Reducing individual accountability 2. Facilitating collective problem-solving ✓ 3. Limiting external stakeholder involvement 4. Centralising curriculum decisions	Question ID : 4410091213962 Correct Option : 2
Q.43 According to NEP 2020, the new school curricular structure is designed as: Ans 1. 8+2 system of education 2. 10+2 system of education 3. 6+4 system of education 4. 5+3+3+4 system of education ✓	Question ID : 4410091246473 Correct Option : 4
Q.44 According to Stanley Hall, adolescence is best described as: Ans 1. a calm and steady stage 2. a period of storm and stress ✓ 3. a time of complete maturity 4. a stage without emotional change	Question ID : 4410091215948 Correct Option : 2

Q.45 Recent educational frameworks emphasise shifting learning and assessment from rote memorisation to which aspect? Ans 1. Factual recall 2. Conceptual clarity ✓ 3. Content retention 4. Procedural skills	Question ID : 4410091213500 Correct Option : 2
Q.46 Mental health is best understood as: Ans 1. merely the absence of a mental illness 2. a fixed state of emotional stability 3. a condition that does not affect social functioning 4. a continuum ranging from positive wellbeing to severe symptoms ✓	Question ID : 4410091225038 Correct Option : 4
Q.47 An adolescent shows extreme withdrawal, refuses peer interaction, and frequently reports feelings of worthlessness. This deviation is most closely associated with: Ans 1. emotional or social maladjustment ✓ 2. delayed moral reasoning 3. physical developmental delay 4. cognitive rigidity	Question ID : 4410091209219 Correct Option : 1
Q.48 Which situation best demonstrates the cephalocaudal principle of development, growth and motor control progress from the head toward the feet? Ans 1. An adolescent undergoes a sudden increase in height during puberty. 2. An infant gains head control before learning to crawl. ✓ 3. A child learns to eat with utensils before being able to hold a ball. 4. A toddler speaks in complete sentences before being able to count to 10.	Question ID : 4410091208924 Correct Option : 2
Q.49 Cognitive development in adolescence is characterised by: Ans 1. mastery of concrete operations 2. preoperational thought 3. formal operational thinking ✓ 4. development of reflexes	Question ID : 4410091215955 Correct Option : 3
Q.50 At elementary level, planning covers which areas? Ans 1. Only extra-curricular 2. Only scholastic 3. Both curricular and co-curricular ✓ 4. Only curricular	Question ID : 4410091224989 Correct Option : 3

Section : General Ability

Q.51 <i>Simplify : $3^2 + 3^2 + \sqrt{4}$</i> Ans 1. 20 ✓ 2. 17 3. 25 4. 21	Question ID : 441009928471 Correct Option : 1
Q.52 On a simple interest, a sum becomes double in 5 years. It will be 8 times in _____ years on the same rate of interest. Ans 1. 20 2. 25 3. 35 ✓ 4. 30	Question ID : 441009916685 Correct Option : 3
Q.53 Which of the following statements about Thomson's model are correct? i. Atoms consist of a positively charged sphere. ii. Electrons are randomly moving outside the sphere. iii. The number of positive and negative charges is equal. iv. The atom is overall neutral. Ans 1. (i), (iii) and (iv) only ✓ 2. (ii) and (iii) only 3. (i), (ii), (iii) and (iv) 4. (i), (ii) and (iii) only	Question ID : 4410091200565 Correct Option : 1
Q.54 What is the role of meiosis in sexual reproduction? Ans 1. It doubles the DNA content. 2. It reduces chromosome number by half in germ cells. ✓ 3. It multiplies the number of chromosomes. 4. It eliminates harmful variations from DNA.	Question ID : 4410091200363 Correct Option : 2
Q.55 Biotic stress in crop production is caused by _____. Ans 1. water logging and drought 2. poor fertiliser application 3. farming machinery and tools 4. insects, pathogens and other living organisms ✓	Question ID : 4410091199912 Correct Option : 4
Q.56 A person with eye defect of _____ cannot see nearby objects distinctly, which is corrected using a _____ lens of suitable power. Ans 1. hypermetropia; convex ✓ 2. myopia; convex 3. myopia; concave 4. hypermetropia; concave	Question ID : 441009654654 Correct Option : 1

Q.57 Based on the English alphabetical order, three of the following four letter-clusters are alike in a certain way and thus form a group. Which letter-cluster DOES NOT belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter-cluster.) Ans 1. QSN 2. UWR 3. SUO ✓ 4. NPK	Question ID : 441009820496 Correct Option : 3
Q.58 Seven boxes E, F, G, H, S, T and U are kept one over the other but not necessarily in the same order. Only three boxes are kept below T. Only two boxes are kept between T and E. Only S is kept above H. G is kept at some place below F and at some place above U. Which box is kept at second position from the bottom? Ans 1. G 2. E 3. H 4. U ✓	Question ID : 4410091198578 Correct Option : 4
Q.59 What is the value of the force exerted by the Earth on a satellite, if the mass of the Earth is 6×10^{24} kg and the mass of the satellite is 400 kg. The satellite is orbiting the Earth at a distance of 400 km from its surface. The radius of the Earth is 6400 km and $G = 6.67 \times 10^{-11} \text{ N m}^2/\text{kg}^2$. Ans 1. 384 N 2. B. $21.9 \times 10^4 \text{ N}$ 3. 3461 N ✓ 4. 4800 N	Question ID : 441009654603 Correct Option : 3
Q.60 Refer to the following letter, number, symbol series and answer the question that follows. (Left) C H * * 8 5 9 * 4 9 1 6 5 L # 5 6 5 £ * K B (Right) If all the numbers are dropped from the series, which of the following will be fifth from the left? Ans 1. L 2. # 3. * ✓ 4. C	Question ID : 441009820939 Correct Option : 3
Q.61 Which of the following is the difference between fiscal policy and monetary policy? Ans 1. Fiscal policy and monetary policy are interchangeable terms. 2. Fiscal policy involves government's use of taxation and spending, while monetary policy involves central banks' control of interest rates and money supply. ✓ 3. Fiscal policy involves control of the money supply, while monetary policy involves government spending decisions. 4. Fiscal policy is conducted by central banks, while monetary policy is carried out by the government.	Question ID : 441009627934 Correct Option : 2

Q.62 What is the median of the following distribution?

Class	100-150	150-200	200-250	250-300	300-350
Frequency	40	23	10	39	34

Ans

1. 250 ✓
2. 247
3. 243
4. 254

Question ID :
441009928763
Correct Option : 1

Q.63 Find the value of

$$3 \times 6 + 5 \times 3 - 4 \times 8 + 6 \times 2 \text{ of } 3 \div 24 + 6 \text{ of } 3 \times 2 - 5$$

Ans

1. 39.8
2. 33.5 ✓
3. 26.7
4. 28.3

Question ID :
441009916608
Correct Option : 2

Q.64 Which of the following ecological concepts best defines the process by which the concentration of toxic substances, such as pesticides, heavy metals and industrial chemicals, increases as they move up each trophic level in a food chain?

Ans

1. Biomagnification ✓
2. Eutrophication
3. Bioaccumulation
4. Biodegradation

Question ID :
4410091225046
Correct Option : 1

Q.65 How many key pillars is the National Sports Policy, 2025, based on?

Ans

1. Six
2. Five ✓
3. Four
4. Three

Question ID :
4410091216592
Correct Option : 2

Q.66 Read the given statements and conclusions carefully. Assuming that the information given in the statements is true, even if it appears to be at variance with commonly known facts, decide which of the given conclusion(s) logically follow(s) from the statements. Statements: All carrots are beetroots. No carrot is a ginger. Conclusions: (I) Some gingers are beetroots. (II) All beetroots are gingers. Ans 1. Neither conclusion (I) nor (II) follows. ✓ 2. Both conclusions (I) and (II) follow. 3. Only conclusion (II) follows. 4. Only conclusion (I) follows.	Question ID : 4410091198637 Correct Option : 1
Q.67 Which of the following Acts of India is also referred to as the Montagu-Chelmsford Reforms, named after the then Secretary of State for India and the Viceroy? Ans 1. Indian Councils Act of 1909 2. Indian Councils Act of 1861 3. Government of India Act of 1919 ✓ 4. Government of India Act of 1935	Question ID : 441009502277 Correct Option : 3
Q.68 What should come in place of the question mark (?) in the given series? 381 330 279 228 ? Ans 1. 177 ✓ 2. 141 3. 153 4. 162	Question ID : 4410091205846 Correct Option : 1
Q.69 Why do plants have more dead supportive tissue compared to animals? Ans 1. Plants require more energy for movement. 2. Dead cells help in reproduction. 3. Dead cells help in active locomotion. 4. Plants are stationary and need support to remain upright. ✓	Question ID : 4410091199846 Correct Option : 4
Q.70 Which of the following is the most continuous range of Himalayas? Ans 1. The Shiwaliks 2. The Lesser Himalayas 3. The Trans Himalayas 4. The Greater Himalayas ✓	Question ID : 441009638818 Correct Option : 4

Q.71 Refer to the following letter, number and symbol series and answer the question that follows. Counting to be done from left to right only. (All numbers are single-digit numbers only.) (Left) N R B C & 1 J 5 ! \$ 7 S K 9 3 # (Right) How many such numbers are there which are immediately preceded by a symbol and also immediately followed by a letter? Ans 1. Three 2. Two ✓ 3. One 4. Four	Question ID : 441009817633 Correct Option : 2
Q.72 Which state launched a Tribal Genome Sequencing Project for strengthening the health of tribal citizens in July 2025 and became the first state to do so? Ans 1. Telangana 2. Gujarat ✓ 3. Jharkhand 4. Manipur	Question ID : 4410091214322 Correct Option : 2
Q.73 A plant shows rapid growth at shoot and root tips. What tissue features support this observation? Ans 1. Presence of chloroplasts and stored food 2. Dense cytoplasm, prominent nuclei and no vacuoles ✓ 3. Dead cells with lignified walls 4. Large vacuoles and thick walls	Question ID : 4410091199814 Correct Option : 2
Q.74 Which of the following letter-number clusters will replace the question mark (?) in the given series to make it logically complete? COB21 L XK36 UGT51 DPC66 ? Ans 1. MLL81 2. NYL81 3. NHL81 4. MYL81 ✓	Question ID : 4410091198686 Correct Option : 4
Q.75 A construction project requires 18 workers working for 25 days. After 10 days, 6 workers leave and 4 new workers join who are 25% more efficient than original workers. After 5 more days, all remaining workers increase their efficiency by 20%. How many total days will the project take to complete? Ans 1. $27\frac{7}{102}$ days 2. $25\frac{7}{102}$ days 3. $26\frac{7}{102}$ days 4. $24\frac{7}{102}$ days ✓	Question ID : 4410091195667 Correct Option : 4

Q.76 For which of the following major reasons was Chandigarh created as a Union Territory? Ans 1. Strategic importance 2. Care of the backwards and tribal people 3. Cultural distinctiveness 4. Political and administrative consideration ✓	Question ID : 4410091225216 Correct Option : 4
Q.77 What will come in place of the question mark (?) in the following equation if '+' and '-' are interchanged and 'x' and '÷' are interchanged? $42 + 13 - 26 = ?$ Ans 1. 55 ✓ 2. 29 3. 48 4. 38	Question ID : 4410091205734 Correct Option : 1
Q.78 In a certain code language, 'SOFT' is coded as '8379' and 'FAST' is coded as '1397'. What is the code for 'A' in the given code language? Ans 1. 3 2. 1 ✓ 3. 7 4. 8	Question ID : 4410091198599 Correct Option : 2
Q.79 Find the third proportional to 8 and 12. Ans 1. 22 2. 18 ✓ 3. 20 4. 16	Question ID : 4410091195615 Correct Option : 2
Q.80 Which of the following countries does NOT share a border with India? Ans 1. Pakistan 2. China 3. Afghanistan 4. Malaysia ✓	Question ID : 4410091204608 Correct Option : 4
Q.81 18 bags and 3 pens together cost ₹1,164, whereas 14 bags and 2 pens together cost ₹922. The cost of 9 bags exceeds the cost of 2 pens by: Ans 1. ₹762 2. ₹754 3. ₹755 4. ₹757 ✓	Question ID : 441009281319 Correct Option : 4

Q.82 Which among the following strategies is essential for reducing unemployment, in the context of economic growth? Ans 1. Focusing on agricultural expansion exclusively 2. Reducing foreign trade agreements 3. Increasing reliance on traditional craftsmanship 4. Promoting entrepreneurship and small enterprises ✓	Question ID : 44100966113 Correct Option : 4
Q.83 Birsa Munda's movement (1890s) is remembered for which of the following? Ans 1. Leading the Paika rebellion in Odisha 2. Opposing indigo planters in Bengal 3. Organising a war against Portuguese missionaries 4. Establishing tribal self-rule against British interference ✓	Question ID : 4410091214352 Correct Option : 4
Q.84 What will come in place of the question mark (?) in the following equation if '+' and '-' are interchanged and 'x' and '÷' are interchanged? $92 + 39 - 59 = ?$ Ans 1. 142 2. 120 3. 102 4. 112 ✓	Question ID : 4410091205771 Correct Option : 4
Q.85 Which of the following Acts provided for the establishment of an All-India Federation consisting of provinces and princely states as units? Ans 1. Indian Councils Act of 1909 2. Indian Independence Act of 1947 3. Government of India Act of 1919 4. Government of India Act of 1935 ✓	Question ID : 4410091225130 Correct Option : 4
Q.86 Fluorine has 7 electrons in its outermost shell. Its valency is: Ans 1. 1, because it gains 1 electron to complete an octet ✓ 2. 8, because it follows the octet rule 3. 7, because it has 7 electrons 4. 0, because it is a non-metal	Question ID : 4410091200590 Correct Option : 1
Q.87 With six medals won, India ranked at which position globally at the 66th International Mathematical Olympiad (IMO) 2025, held in Australia? Ans 1. Fifth 2. Seventh ✓ 3. Tenth 4. Third	Question ID : 4410091213510 Correct Option : 2

Q.88 A number is increased by 10% and then decreased by 10%. It is again increased by 10%. What is the net increase or decrease per cent? Ans 1. 8.9% decrease 2. 9.9% increase 3. 8.9% increase ✓ 4. 9.9% decrease	Question ID : 441009184726 Correct Option : 3
Q.89 What was the subject of the 106th Constitutional Amendment Act, 2023? Ans 1. Extending the reservation of seats for Scheduled Castes (SCs) and Scheduled Tribes (STs) in the Lok Sabha and state legislative assemblies for another ten years 2. Restoring the power of State governments to identify and classify Socially and Educationally Backward Classes (SEBCs), including Other Backward Classes (OBCs) 3. Introducing a 10% reservation for Economically Weaker Sections (EWS) in government jobs and educational institutions 4. Reserving one-third of all seats in the Lok Sabha, state legislative assemblies and the Legislative Assembly of the National Capital Territory of Delhi for women ✓	Question ID : 4410091214304 Correct Option : 4
Q.90 A, B, C, D, P, Q and R are sitting around a circular table facing the centre of the table. P sits third to the left of R. A sits second to the left of C. Only R sits between D and A. Q is not an immediate neighbour of P. How many people sit between B and A when counted from the right of B? Ans 1. Four 2. Three 3. Two ✓ 4. One	Question ID : 4410091198552 Correct Option : 3
Q.91 Based on the English alphabetical order, three of the following four letter-clusters are alike in a certain way and thus form a group. Which letter-cluster DOES NOT belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter-cluster.) Ans 1. JFAW 2. PLKC ✓ 3. MIDZ 4. LHCY	Question ID : 441009820188 Correct Option : 2
Q.92 P_1 and P_2 are two regular polygons. The sum of all the interior angles of P_1 is 1800°. Each interior angle of P_2 exceeds its exterior angle by 120°. The difference between the number of sides of P_1 and P_2 is: Ans 1. 0 ✓ 2. 1 3. 3 4. 2	Question ID : 441009621101 Correct Option : 1

Q.93 Who founded the Arya Samaj in 1875 to reform Hinduism? Ans 1. Swami Vivekananda 2. Swami Dayanand Saraswati ✓ 3. Raja Ram Mohan Roy 4. Keshab Chandra Sen	Question ID : 4410091214452 Correct Option : 2
Q.94 Given below are two statements. Select the correct answer from the options given for these statements. Statement I: Metals low in the activity series can be obtained from their oxides without using any reducing agent. Statement II: Heating alone is enough to reduce the oxides of these metals to pure metal. Ans 1. Statement I is true, but Statement II is false. 2. Both statements are false. 3. Statement I is false, but Statement II is true. 4. Both statements are true. ✓	Question ID : 4410091196726 Correct Option : 4
Q.95 Work done by a force on a body is said to be negative when: Ans 1. there is no displacement of the body 2. the force and displacement are in opposite directions ✓ 3. the force is applied, but the body does not move 4. the force and displacement are in the same direction	Question ID : 4410091205809 Correct Option : 2
Q.96 The Indian Space Research Organisation (ISRO) and the Astronautical Society of India (ASI) hosted the Global Conference on Space Exploration (GLEX 2025), organised by the International Astronautical Federation (IAF), at which place in May 2025? Ans 1. Hyderabad 2. Bengaluru 3. New Delhi ✓ 4. Chennai	Question ID : 4410091214373 Correct Option : 3
Q.97 In a certain code language, 'urn wheat owl' is coded as ' zb kg mb' and 'two owl moon' is coded as 'yj vr kg'. How is 'owl' coded in the given language? Ans 1. yj 2. mb 3. zb 4. kg ✓	Question ID : 441009811981 Correct Option : 4

Q.98 Refer to the following letter and symbol series and answer the question that follows.
Counting to be done from left to right only.
(Left) N T © Z © * U £ H W S * V C * O © W # € E K (Right)
How many such symbols are there each of which is immediately preceded by a letter and also immediately followed by a symbol?

Ans

1. 3
2. 4
3. 2 ✓
4. 1

Question ID : 441009821011
Correct Option : 3

Q.99 A car covers a distance from Hayathnagar to LB nagar at the speed of 64 km/hr and covers the distance from LB nagar to Hayathnagar at the speed of 56 km/hr. What is the average speed (rounded off to nearest integer) of the car?

Ans

1. 61 km/hr
2. 62 km/hr
3. 60 km/hr ✓
4. 58 km/hr

Question ID :
441009184637
Correct Option : 3

Q.100 VANE is related to ZCJC in a certain way based on the English alphabetical order. In the same way, DEFA is related to HGBY.
To which of the given options is LIXW related, following the same logic?

Ans

1. QKSU
2. QLSV
3. OJUT
4. PKTU ✓

Question ID :
441009819786
Correct Option : 4

रेलवे भर्ती बोर्ड / RAILWAY RECRUITMENT BOARD
सी ई एन - ०७/२०२४ - CEN - 07/2024
Recruitment for Ministerial and Isolated Categories

PAPER 2 of 2 · Primary Railway Teacher · English

Exam	RRB Ministerial & Isolated 2024 (CEN 07/2024)
Post	Primary Railway Teacher
Test Date	11 Sep 2025
Test Time	12:45 PM - 2:15 PM
Language	English
Questions	100
Marking	+1 correct / -1/3 wrong

Correct option of the official answer key: **green with ✓**. Question IDs are RRB's own.

Section : Professional Ability

Q.1 Which of the following values does a child primarily learn within the family? Ans 1. Economic independence 2. Discipline and punctuality 3. Core values like cooperation, tolerance, and love ✓ 4. Scientific knowledge and reasoning	Question ID : 4410091216000 Correct Option : 3
Q.2 The family is recognised as the primary agent of socialisation. This designation is fundamentally based on its unique and pervasive influence in a child's early life. Which of the following best describes the family's core contribution to a child's social development? Ans 1. Providing advanced academic skills 2. Transmitting fundamental values ✓ 3. Facilitating formal group activities 4. Introducing vocational career paths	Question ID : 4410091210977 Correct Option : 2
Q.3 A teacher wants to ensure alignment between long-term goals and daily classroom teaching. Which sequence of instructional plans shows the correct hierarchy? Ans 1. Year Plan → Unit Plan → Lesson Plan ✓ 2. Year Plan → Lesson Plan → Unit Plan 3. Unit Plan → Year Plan → Lesson Plan 4. Lesson Plan → Unit Plan → Year Plan	Question ID : 4410091211168 Correct Option : 1
Q.4 What term describes the transitional period between childhood and adulthood? Ans 1. Adulthood 2. Adolescence ✓ 3. Puberty 4. Infancy	Question ID : 4410091210817 Correct Option : 2

Q.5 In the first step of measurement, what is actually measured? Ans 1. The environment around the person 2. The behaviour of a teacher 3. The quality or attribute of a person/thing ✓ 4. The person directly	Question ID : 4410091225010 Correct Option : 3
Q.6 What is a schema? Ans 1. A mental map of a concept ✓ 2. A list of behaviours to be memorised 3. A fixed and unchanging mental image 4. A rule that defines numbers only	Question ID : 4410091224993 Correct Option : 1
Q.7 Zone of Proximal Development means: Ans 1. what a child can do alone 2. what a child learns by memory 3. what a child can do with help ✓ 4. what a child cannot learn	Question ID : 4410091215941 Correct Option : 3
Q.8 Which of the following best defines a developmental task? Ans 1. A genetically inherited trait 2. A task that arises at a particular life stage ✓ 3. A skill taught in school 4. A challenge imposed by society	Question ID : 4410091234113 Correct Option : 2
Q.9 Transformational leadership in schools primarily aims at: Ans 1. delegating minor tasks to teaching assistants 2. ensuring compliance with government regulations 3. inspiring change through vision and motivation ✓ 4. maintaining order and control in administration	Question ID : 4410091246131 Correct Option : 3
Q.10 Which of the following does the overt curriculum primarily refer to? Ans 1. The unintended social values learned in class 2. The student's own personal interpretations of content 3. The official and formally documented learning plan ✓ 4. The extracurricular activities outside the classroom	Question ID : 4410091240397 Correct Option : 3
Q.11 Investing in adolescent health helps reduce: Ans 1. both morbidity and mortality in adolescents ✓ 2. neither morbidity nor mortality 3. only adolescent morbidity 4. only adult mortality	Question ID : 4410091215991 Correct Option : 1

Q.12 What is the primary developmental task of middle childhood? Ans 1. Integration within individual and social context ✓ 2. Preparing for adolescence challenges only 3. Rapid physical growth 4. Independence from family only	Question ID : 4410091215930 Correct Option : 1
Q.13 What is the primary role students are expected to assume in a modern teaching-learning process? Ans 1. Obedient followers 2. Active learner ✓ 3. Passive listeners 4. Information recipients	Question ID : 4410091213538 Correct Option : 2
Q.14 Home-school discontinuity occurs when: Ans 1. the younger child is the most looked-after at home 2. children are encouraged to be independent both at home and school 3. there is a difference between home and school ethos, norms, or language ✓ 4. the school and home culture are similar	Question ID : 4410091216071 Correct Option : 3
Q.15 A rural primary school aims for FLN by Grade 3 under NEP 2020. To ensure engagement and conceptual understanding beyond textbooks, which pedagogy should be adopted? Ans 1. Standardised worksheets 2. Rote memorisation 3. Didactic instruction 4. Experiential learning ✓	Question ID : 4410091213988 Correct Option : 4
Q.16 For effective holistic development, what is the primary emphasis for parents and teachers in education? Ans 1. Standardised curriculum 2. Academic grading 3. Collaborative support ✓ 4. Competitive achievement	Question ID : 4410091211002 Correct Option : 3
Q.17 Which statement best differentiates Assessment for Learning from Assessment as Learning? Ans 1. The former guides instruction, while the latter builds metacognition ✓ 2. The former certifies performance, while the latter ranks students 3. The former emphasises grading, while the latter emphasises accreditation 4. The former is external, while the latter is only teacher-centered	Question ID : 4410091244470 Correct Option : 1

Q.18 Which of the following is a major function of transformational leadership? Ans 1. Prioritising administrative tasks only 2. Reducing teacher workload by ignoring innovations 3. Avoiding participation in school decisions 4. Developing a widely shared vision and consensus on goals ✓	Question ID : 4410091225073 Correct Option : 4
Q.19 According to Piaget, which stage involves logical thinking about concrete events but not abstract reasoning? Ans 1. Concrete operational ✓ 2. Preoperational 3. Sensorimotor 4. Formal operational	Question ID : 4410091233834 Correct Option : 1
Q.20 Which of the following shows individual differences in development? Ans 1. All children follow same milestones. 2. Skills appear at fixed ages. 3. Rate and capacity vary per child. ✓ 4. Patterns depend only on heredity.	Question ID : 4410091215900 Correct Option : 3
Q.21 A teacher wants to maximise long-term learning in a mixed-ability class. Which strategy is most effective? Ans 1. Scaffolded, sequenced, with assessment and collaboration ✓ 2. Single lecture, minimal interaction 3. Extensive individual reading without guidance 4. Rote memorisation and frequent testing	Question ID : 4410091209376 Correct Option : 1
Q.22 A teacher uses reinforcement schedules to shape desired classroom behaviours. Which practice does this directly reflect? Ans 1. Behaviourism ✓ 2. Metacognition 3. Social constructivism 4. Cognitivism	Question ID : 4410091209293 Correct Option : 1
Q.23 A school plans student-led clubs and counselling to address peer conflicts and absenteeism. Which principle best supports this? Ans 1. Social engagement builds identity and autonomy. ✓ 2. Extracurricular activities lower academic focus. 3. Cognitive growth relies only on teacher instruction. 4. Less peer contact prevents pressure.	Question ID : 4410091209254 Correct Option : 1

Q.24 When provisioning for counselling in schools, which consideration is most essential? Ans 1. Making counselling mandatory for all students daily 2. Publicly sharing students' problems for awareness 3. Confidentiality and trust between student and counsellor ✓ 4. Limiting counselling to high achievers	Question ID : 4410091211292 Correct Option : 3
Q.25 The headteacher practising distributed leadership mainly: Ans 1. keeps teachers out of decision-making 2. avoids delegation of responsibilities 3. centralises all decisions 4. shares leadership with faculty through devolved roles ✓	Question ID : 4410091225062 Correct Option : 4
Q.26 Which of the following best explains the role of ICT in mass education? Ans 1. ICT eliminates the need for teachers in the education system. 2. ICT is restricted to classroom teaching with limited scope. 3. ICT is mainly used for storing historical data for future use. 4. ICT educates many quickly through media. ✓	Question ID : 4410091225008 Correct Option : 4
Q.27 A constructivist teacher in a diverse classroom ensures inclusivity primarily by: Ans 1. using only standardised testing to measure achievement 2. providing identical content and tasks to all learners 3. reducing curriculum content to match the weakest learner 4. allowing learners to construct meaning through varied cultural experiences ✓	Question ID : 4410091225028 Correct Option : 4
Q.28 Which of the following is NOT a key function of counselling in schools? Ans 1. Imposing strict discipline policies ✓ 2. Promoting students' self-understanding 3. Enhancing interpersonal skills among peers 4. Crisis intervention for immediate problems	Question ID : 4410091245827 Correct Option : 1
Q.29 Which core principle primarily guides the National Education Policy 2020's restructuring of the school education system into a 5+3+3+4 design? Ans 1. Global benchmarking 2. Economic efficiency 3. Teacher specialisation 4. Child development ✓	Question ID : 4410091214011 Correct Option : 4
Q.30 In constructivist teaching, reflections and dialogues are mainly used for which purpose? Ans 1. Maintaining silence and discipline in the classroom 2. Encouraging learners to co-construct knowledge ✓ 3. Replacing activities with rote written exercises 4. Making students memorise facts without context	Question ID : 4410091211222 Correct Option : 2

Q.31 Which of the following best distinguishes syllabus from curriculum? Ans 1. Syllabus is subject-specific, curriculum is broader ✓ 2. Syllabus focuses on methods, curriculum avoids methods 3. Syllabus includes goals, curriculum excludes goals 4. Syllabus deals with evaluation, curriculum omits evaluation	Question ID : 4410091240386 Correct Option : 1
Q.32 Which of the following is the most inclusive practice in schools for addressing disability as a social construct? Ans 1. Diagnostic approaches 2. Segregated learning environments 3. Exclusive remedial centers 4. Universal design for learning approaches ✓	Question ID : 4410091245680 Correct Option : 4
Q.33 Which of the following is a primary aim of guidance and counselling in supporting students? Ans 1. Mandating behaviour 2. Curriculum planning 3. Academic grading 4. Holistic development ✓	Question ID : 4410091213772 Correct Option : 4
Q.34 According to the World Health Organization, adequate adolescent institutional support should integrate: Ans 1. mental health services, life skills education, and community participation ✓ 2. academic excellence with minimal extracurricular exposure 3. strict discipline with limited peer contact 4. exclusive focus on vocational training	Question ID : 4410091209250 Correct Option : 1
Q.35 Which principle should guide the selection of instructional resources? Ans 1. Preference for the most advanced technology available 2. Reliance on resources requiring minimal preparation 3. Alignment with learning objectives and learner needs ✓ 4. Adoption of teacher-centered delivery of materials	Question ID : 4410091243467 Correct Option : 3
Q.36 A leader who motivates teachers by creating a shared vision of school improvement and inspiring collective commitment is practicing which of the following? Ans 1. Transactional leadership 2. Transformational leadership ✓ 3. Instructional management 4. Reflective practice	Question ID : 4410091211318 Correct Option : 2

Q.37 Why should a teacher have a precise profile of each learner? Ans 1. To decide which students deserve rewards 2. To compare learners with one another 3. To plan remediation and enrichment effectively ✓ 4. To reduce the teacher's workload	Question ID : 4410091216098 Correct Option : 3
Q.38 Why is planning important in teaching-learning activities? Ans 1. To replace textbooks 2. To avoid homework 3. To provide direction and clear goals ✓ 4. To reduce exams	Question ID : 4410091224976 Correct Option : 3
Q.39 Which statement best shows that development is continuous? Ans 1. All children develop at the same rate. 2. Growth spurts occur at puberty. 3. Early skills affect the later abilities. ✓ 4. Learning replaces heredity.	Question ID : 4410091215896 Correct Option : 3
Q.40 What is the primary purpose of clearly linking lesson objectives to broader competencies and curricular goals in instructional planning? Ans 1. Achieving defined learning standards ✓ 2. Standardising teaching methods 3. Streamlining assessment reporting 4. Ensuring administrative efficiency	Question ID : 4410091213605 Correct Option : 1
Q.41 The school assembly is most effective when it: Ans 1. serves as a platform only for delivering administrative instructions 2. promotes moral values and collective identity among students ✓ 3. focusses entirely on entertaining students with cultural programs 4. functions as a replacement for classroom teaching-learning practices	Question ID : 4410091246309 Correct Option : 2
Q.42 A school leader organises workshops with teachers, parents, and students to draft a shared long-term vision, sets measurable goals, and aligns resources for continuous improvement. This reflects: Ans 1. routine administrative planning 2. short-term task management 3. transactional goal enforcement 4. vision building and strategic school development ✓	Question ID : 4410091211371 Correct Option : 4

Q.43 A fundamental vision of NEP 2020 for the Indian education system is to ensure that quality education reaches every citizen. What core principle underpins this broad objective for all learners? Ans 1. Standardised curricula 2. Equitable inclusion ✓ 3. Exclusive pathways 4. Selective access	Question ID : 4410091214000 Correct Option : 2
Q.44 Which of the following does NOT represent a characteristic of an academic discipline? Ans 1. Having a defined object of research 2. Depending mainly on common-sense explanations ✓ 3. Using specific terminologies related to research 4. Building a body of specialist knowledge	Question ID : 4410091224733 Correct Option : 2
Q.45 Which of the following reflects peer observation? Ans 1. An administrator checking lesson plan 2. A parent observing children in class 3. An inspector evaluating teaching style 4. A colleague observing and sharing insights ✓	Question ID : 4410091244499 Correct Option : 4
Q.46 What is considered a foundational element for motivating students to learn effectively in a classroom? Ans 1. Teacher-student trust ✓ 2. Formal assessments 3. Rigid curriculum 4. Competitive grading	Question ID : 4410091211046 Correct Option : 1
Q.47 Which of the following is an example of a health behaviour adopted during adolescence that affects the later life? Ans 1. Flu vaccination 2. Tobacco use ✓ 3. Malaria infection 4. Obesity	Question ID : 4410091215987 Correct Option : 2
Q.48 A college student joins a fraternity and learns the organisation's specific rituals, rules, and history. What is this process best described as? Ans 1. The hidden curriculum 2. Primary socialisation 3. Secondary socialisation ✓ 4. Resocialisation	Question ID : 4410091209269 Correct Option : 3

Q.49 During adolescence, which developmental task is most critical, according to Erikson? Ans 1. Trust vs. mistrust 2. Intimacy vs. isolation 3. Identity vs. role confusion ✓ 4. Autonomy vs. shame	Question ID : 4410091234101 Correct Option : 3
--	--

Q.50 Why is school described as a 'miniature society'? Ans 1. Because it imitates the rules of larger society 2. Because teachers act as substitutes for parents 3. Because children from diverse backgrounds learn to adjust to society ✓ 4. Because it focusses only on academic learning	Question ID : 4410091216046 Correct Option : 3
---	--

Section : General Ability

Q.51 In a certain code language, 'FROG' is coded as '5632' and 'GROW' is coded as '2385'. What is the code for 'W' in the given code language? Ans 1. 6 2. 3 3. 5 4. 8 ✓	Question ID : 4410091198611 Correct Option : 4
--	--

Q.52 Which factor contributes to the slow implementation of rural infrastructure projects in India? Ans 1. Difficulties in land acquisition and bureaucratic delays ✓ 2. Excessive foreign investment in rural sectors 3. Over-reliance on private sector funding 4. Lack of government support for infrastructure development	Question ID : 44100966143 Correct Option : 1
--	--

Q.53 Select the set in which the numbers are related in the same way as are the numbers of the following sets. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into their constituent digits. E.g. 13 – Operations on 13 such as adding/subtracting/multiplying to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed.) (12, 25, 39) (17, 35, 49) Ans 1. (25, 51, 65) ✓ 2. (5, 11, 15) 3. (7, 15, 39) 4. (21, 53, 67)	Question ID : 4410091205886 Correct Option : 1
--	--

Q.54 Industrial and commercial green belts are examples of which type of forestry? Ans 1. Rural forestry 2. Farm forestry 3. Agroforestry 4. Urban forestry ✓	Question ID : 441009638660 Correct Option : 4
Q.55 Which of the following statements is true about the relationship between an object's weight and its mass at a given place? Ans 1. Mass changes, but weight stays the same. 2. Weight is directly proportional to mass. ✓ 3. Weight and mass are not related. 4. Weight is inversely proportional to mass.	Question ID : 4410091205820 Correct Option : 2
Q.56 If 'A' stands for '÷', 'B' stands for '×', 'C' stands for '+' and 'D' stands for '-', then what will come in place of the question mark (?) in the following equation? 14 B 3 C 6 A 2 D 5 B 2 = ? Ans 1. 42 2. 38 3. 35 ✓ 4. 45	Question ID : 4410091205800 Correct Option : 3
Q.57 Which of the following Acts allowed the Court of Directors to manage the commercial affairs, but created a new body called Board of Control to manage the political affairs? Ans 1. Pitt's India Act of 1784 ✓ 2. Regulating Act of 1773 3. Charter Act of 1793 4. Charter Act of 1813	Question ID : 4410091225122 Correct Option : 1
Q.58 In August 2025, which court in Delhi passed an order to relocate all stray dogs in Delhi-NCR to shelters within eight weeks? Ans 1. Supreme Court of India ✓ 2. Patiala House Court 3. Delhi High Court 4. Tis Hazari Court	Question ID : 4410091214308 Correct Option : 1

Q.59 Refer to the number and symbol series given below and answer the question that follows. Counting to be done from left to right only. (All numbers are single-digit numbers only.) (Left) @ 5 2 & % 1 Ω 4 # 9 7 8 \$ 2 ^ 8 ! 3 6 * (Right) If all the symbols are dropped from the series, which of the following will be seventh from the right? Ans 1. 9 ✓ 2. 7 3. 1 4. 4	Question ID : 441009818875 Correct Option : 1
Q.60 Which of the following statements is/are true regarding the Industrial Policy Resolution 1956? a. No new industry could operate without government licensing. b. This policy aimed to foster industrial growth in backward areas. c. Industrial units in backward areas were given certain concessions such as tax benefits and electricity at a lower tariff. Ans 1. Only statement b is true. 2. All statements a, b and c are true. ✓ 3. Only statement c is true. 4. Only statement a is true.	Question ID : 441009626963 Correct Option : 2
Q.61 Which of the following statements is NOT correct regarding the Committee on Public Undertakings of Parliament? Ans 1. It has a tenure of one year. 2. It has a total of 30 members. ✓ 3. It contains 15 members from the Lok Sabha. 4. It contains members from both the houses of Parliament.	Question ID : 4410091225201 Correct Option : 2
Q.62 Find the value of the expression $\frac{3(x + 7)}{2x - 1}$, if $x = 2$. Ans 1. $\frac{27}{8}$ 2. 27 3. $\frac{9}{2}$ 4. 9 ✓	Question ID : 441009109310 Correct Option : 4
Q.63 What is the name of the region in the Great Plains where the Ganga and Yamuna meet? Ans 1. New Delhi 2. Patna 3. Kanpur 4. Prayagraj ✓	Question ID : 4410091206497 Correct Option : 4

Q.64 In a certain code language, 'song card flash' is coded as 'ng nr ic' and 'card king tent' is coded as 'tf ma nr'. How is 'card' coded in the given language? (All codes are two-letter codes.) Ans 1. ic 2. nr ✓ 3. ng 4. tf	Question ID : 441009811989 Correct Option : 2
Q.65 Which of the following types of poultry is specifically bred and raised primarily for meat production? Ans 1. Hens 2. Pullets 3. Broilers ✓ 4. Layers	Question ID : 4410091200037 Correct Option : 3
Q.66 After fertilisation, the ovary of the flower develops into a _____, and the ovule develops into a _____. Ans 1. seed, shoot 2. fruit, seed ✓ 3. root, fruit 4. shoot, root	Question ID : 4410091200351 Correct Option : 2
Q.67 Manpreet invested ₹8,550 on simple interest for 3 years at the rate of 7% per annum. What is the final amount (in ₹) received by Manpreet? Ans 1. 1,795.50 2. 10,050.50 3. 10,345.50 ✓ 4. 10,500.50	Question ID : 441009916672 Correct Option : 3
Q.68 Refer to the following letter series and answer the question that follows. (Left) D J A T L N F M U Q P W A E B X C Z A S E (Right) If all the vowels are dropped from the series, which of the following will be fifth from the right? Ans 1. N 2. W 3. B ✓ 4. X	Question ID : 441009880260 Correct Option : 3

Q.69 The second edition of Khelo India Para Games, which is part of the Khelo India mission to provide a platform for talented athletes to showcase their sporting and competitive skills, was held in how many disciplines in New Delhi in March 2025?

Ans

1. Ten
2. Four
3. Eight
4. Six ✓

Question ID :
4410091214259
Correct Option : 4

Q.70 Which of the following is/are NOT product(s) of the reaction between sodium sulphate and barium chloride?

- i. BaSO_4
- ii. NaCl
- iii. Na_2SO_4

Ans

1. i and ii only
2. i only
3. ii only
4. iii only ✓

Question ID :
4410091192903
Correct Option : 4

Q.71 Which European power was the first to establish a trading post in India?

Ans

1. French
2. British
3. Dutch
4. Portuguese ✓

Question ID :
4410091214314
Correct Option : 4

Q.72 If the ratio of the volume of a sphere to its surface area is 7 cm, find the surface area of the sphere.

Ans

1. $1574\pi \text{ cm}^2$
2. $1724\pi \text{ cm}^2$
3. $1764\pi \text{ cm}^2$ ✓
4. $1664\pi \text{ cm}^2$

Question ID :
441009602915
Correct Option : 3

Q.73 What is the median of the following distribution?

Class	120-170	170-220	220-270	270-320	320-370
Frequency	22	37	10	30	27

Ans

1. 240 ✓
2. 250
3. 256
4. 242

Question ID :
441009928762
Correct Option : 1

Q.74 Select the pair which follows the same pattern as that followed by the two sets of pairs given below. Both pairs follow the same pattern. PMO-MJL OLN-LIK Ans 1. ROQ-NLM 2. RNO-OLN 3. ROQ-OLN ✓ 4. RNO-NKM	Question ID : 441009820696 Correct Option : 3
Q.75 Select the option that is true regarding the following two statements labelled Statement (I) and Statement (II). Statement I: The particles of a colloid are uniformly spread throughout the solution. Statement II: A colloidal solution is a heterogeneous mixture, for example, milk. Ans 1. Statement I is true, but Statement II is false. 2. Both statements are False. 3. Statement I is false, but Statement II is true. 4. Both statements are true. ✓	Question ID : 4410091203497 Correct Option : 4
Q.76 Which of the following Amendments to the Constitution of India deleted the right to property from the list of Fundamental Rights? Ans 1. A. 25th Amendment Act, 1971 2. B. 42nd Amendment Act, 1976 3. C. 86th Amendment Act, 2002 4. D. 44th Amendment Act, 1978 ✓	Question ID : 4410091225160 Correct Option : 4
Q.77 Read the given statements and conclusions carefully. Assuming that the information given in the statements is true, even if it appears to be at variance with commonly known facts, decide which of the given conclusion(s) logically follow(s) from the statements. Statements: Some vegetables are nuts. All fruits are nuts. Conclusions: (I) Some vegetables are fruits. (II) All nuts are fruits. Ans 1. Only conclusion (I) follows. 2. Both conclusions (I) and (II) follow. 3. Only conclusion (II) follows. 4. Neither conclusion (I) nor (II) follows. ✓	Question ID : 4410091198622 Correct Option : 4

Q.78 A child has delayed growth and short stature due to a suspected hormone deficiency controlling body growth. Which gland is likely NOT producing enough of this hormone? Ans 1. Pancreas 2. Pituitary ✓ 3. Thyroid 4. Adrenal	Question ID : 4410091200291 Correct Option : 2
Q.79 Seven boxes E, F, G, H, S, T and U are kept one over the other but not necessarily in the same order. Only two boxes are kept between H and F. Only G is kept above T. No box is kept below F. E is kept at some place below S but at some place above U. Which box is kept third above U? Ans 1. S ✓ 2. T 3. G 4. E	Question ID : 4410091198574 Correct Option : 1
Q.80 Which sport is associated with the National Championship called 'Santosh Trophy'? Ans 1. Golf 2. Cricket 3. Hockey 4. Football ✓	Question ID : 4410091217241 Correct Option : 4
Q.81 Which of the following UN Sustainable Development Goals (SDGs) specifically targets 'Climate Action'? Ans 1. SDG 17 2. SDG 13 ✓ 3. SDG 5 4. SDG 10	Question ID : 4410091225022 Correct Option : 2
Q.82 For a given medium, a sound wave has a frequency of 3 kHz and a wavelength of 15 cm. How much time will it take to travel 9 km? Ans 1. 15 seconds 2. 20 seconds ✓ 3. 18 seconds 4. 25 seconds	Question ID : 4410091205837 Correct Option : 2
Q.83 A shopkeeper bought a television for ₹18,000, spent ₹2,000 on transportation and repairs, and sold it for ₹25,000. What is his profit percentage? Ans 1. 25% ✓ 2. 35% 3. 30% 4. 20%	Question ID : 4410091195569 Correct Option : 1

Q.84 During inhalation, which of the following processes occurs? Ans 1. Ribs remain still and diaphragm contracts upward. 2. Chest cavity shrinks. 3. Ribs move up and diaphragm flattens. ✓ 4. Ribs move down and diaphragm becomes dome-shaped.	Question ID : 4410091200225 Correct Option : 3
Q.85 Find the mean proportion to 0.55 and 125 (rounded up to one decimal place). Ans 1. 7.8 2. 7.2 3. 8.9 4. 8.3 ✓	Question ID : 441009184592 Correct Option : 4
Q.86 What should come in place of the question mark (?) in the given series based on the English alphabetical order? SWE LPX EIQ XBJ ? Ans 1. QRC 2. QCE 3. QUC ✓ 4. QER	Question ID : 4410091198664 Correct Option : 3
Q.87 In June–July 2025, user trials of the Extended Range Anti-Submarine Rocket (ERASR) were successfully carried out from which Indian Navy Ship (INS)? Ans 1. INS Udaygiri 2. INS Kavaratti ✓ 3. INS Nilgiri 4. INS Himgiri	Question ID : 4410091214365 Correct Option : 2
Q.88 When white light passes through a prism, which colour is deviated the most with respect to the incident ray? Ans 1. Red 2. Green 3. Blue 4. Violet ✓	Question ID : 4410091205683 Correct Option : 4
Q.89 Which revolt is considered the first major challenge to British authority in Bengal? Ans 1. Santhal Rebellion (1855–56) 2. Indigo Revolt (1859–60) 3. Sanyasi Rebellion (1763–1800) ✓ 4. Moplah Rebellion (1921)	Question ID : 4410091214336 Correct Option : 3

Q.90 A, B, C, D, P, Q and R are sitting around a circular table facing the centre of the table. A sits to the immediate right of D. Only three people sit between A and C when counted from the left of A. Only three people sit between D and P. B sits to the immediate right of Q. How many people sit between D and Q when counted from the right of Q? Ans - Two - Three - Four One ✓	Question ID : 4410091198555 Correct Option : 4
Q.91 A tank has pipes P and Q, which can fill it in 8 and 12 hours, respectively, and pipe R which can empty it in 24 hours. The tank is initially one-third full. Pipes P and R run together for 2 hours. Then, P is closed and Q (with R) runs for 3 hours. Finally, all three pipes run together. Find the total time required to fill the tank completely. Ans $7\frac{1}{4}$ hours ✓ 8 hours $8\frac{1}{2}$ hours $6\frac{1}{2}$ hours	Question ID : 4410091195736 Correct Option : 1
Q.92 What will come in place of the question mark (?) in the following equation if '+' and '-' are interchanged and 'x' and '÷' are interchanged? $20 \div 4 \times 8 = ?$ Ans 10 ✓ 24 40 32	Question ID : 4410091205764 Correct Option : 1
Q.93 Based on the English alphabetical order, three of the following four letter-cluster pairs are alike in a certain way and thus form a group. Which letter-cluster pair DOES NOT belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter-cluster.) Ans - PS – TW - HK – LO DG – IJ ✓ - NQ – RU	Question ID : 441009804703 Correct Option : 3
Q.94 A car travels the first 80 km at 40 km/hr and the next 60 km at 30 km/hr. What is the average speed for the entire journey? Ans 37 km/hr 40 km/hr 32 km/hr 35 km/hr ✓	Question ID : 4410091195662 Correct Option : 4

Q.95 Based on the English alphabetical order, three of the following four letter-cluster pairs are alike in a certain way and thus form a group. Which letter-cluster pair DOES NOT belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter-cluster.) Ans 1. A. SQ-PN 2. B. MK-JH 3. C. ZX-WU 4. D. DB-ZA ✓	Question ID : 441009818969 Correct Option : 4
Q.96 Each vowel in the word VOYAGE is changed to the letter immediately following it in the English alphabetical order and each consonant is changed to the letter immediately preceding it in the English alphabetical order. Which of the following letters will appear exactly twice in the group of letters thus formed? Ans 1. P 2. B 3. X 4. F ✓	Question ID : 441009813404 Correct Option : 4
Q.97 <i>The simplified value of $286 \div \left[\frac{10}{5} \times \{ 10 + 7 - (8 + 9 - (6 + 7)) \} \right]$ is</i> Ans 1. 11 ✓ 2. 10 3. 16 4. 12	Question ID : 441009912494 Correct Option : 1
Q.98 The number 933877 is divisible by: Ans 1. 89 ✓ 2. 107 3. 84 4. 100	Question ID : 441009911576 Correct Option : 1
Q.99 Water can exist in ____ states of matter. Ans 1. three ✓ 2. four 3. one 4. two	Question ID : 4410091203329 Correct Option : 1
Q.100 The Defence Research and Development Organisation (DRDO) conducted two consecutive successful flight-tests of which missile from the Dr. APJ Abdul Kalam island, off the coast of Odisha on 28 and 29 July 2025? Ans 1. ET-LDHCM 2. Prithvi-II 3. Pralay ✓ 4. Agni-I	Question ID : 4410091214359 Correct Option : 3
